SUMMARY

A highly motivated Computer Engineering graduate with proven experience in Frontend Development and building scalable web applications alongside AI-integrated solutions. Recently completed a rigorous internship at True Corporation Public Co., Ltd., developing practical skills in UX/UI design, Cloud deployment, and AI model implementation. Passionate about creating seamless user experiences and eager to contribute technical proficiency to a fast-paced development team.

EDUCATION

DEPARTMENT OF COMPUTER ENGINEERING2022 - Present

- Rajamangala University of Technology Thanyaburi
- Awards: Achieved a 4.00 GPA in Academic Year 1/2023
- GPAX: 3.79

PROJECTS & EXPERIENCE

INTERNSHIP, TRUE CORPORATION PUBLIC CO., LTD.Nov 2025 - Mar 2026

- Frontend & UI/UX Development:** Designed and developed the web application interface for PM True Site ID and an AI Chat interface.
- Data Visualization & Architecture:** Structured data transitions from SQL databases to Memgraph (Graph DB) and implemented interactive data visualizations.
- Cloud:** Deployed web applications using Google Cloud Run. Conducted comparative analysis of deployments across Microsoft Azure, AWS, and Railway.
- Security & API Management:** Utilized Azure API Management (APIM) and Key Vault to securely manage and store API credentials for integration with n8n workflows.
- AI & Automation:** Analyzed Mobile Alarm data correlations in Chiang Mai to identify co-occurring events by developing Clustering Models using Azure Machine Learning. Implemented Spatial Data Visualization to project predictive results onto simulated maps for enhanced data insights.

A WORK SUBMISSION TRACKING AND REPORTING SYSTEMMar - Nov 2025

- I am a member of a project team developing an assignment tracking and reporting system. I am responsible for the development of the administrator
- Website using React (Vite, TypeScript, and MUI) and the mobile application for users using Flutter.

PERSONAL PORTFOLIO WEBSITEAug 2025

- Designing and developing a personal portfolio website that centralizes profile, projects, and contact channels for easy access.
- Built using Next.js, Tailwind CSS, and TypeScript.
- Live preview - [Personal Portfolio Website](#)

ACTIVITIES

STUDENT REPRESENTATIVE FOR DEPARTMENT EVALUATION

- Selected by professors to represent the student body during the official department and curriculum quality assessment.

HEAD OF THE DEPARTMENT'S WELFARE AND RECREATION COMMITTEE

- Led the creation of engaging recreational activities and oversaw catering services for students, achieving high levels of satisfaction.

HEAD OF WELFARE COMMITTEE, PROJECT DAY EVENT

- Managed team operations while utilizing strong communication skills to coordinate with various departments and applying time management to ensure the event's timely success.

SKILLS

TECHNICAL SKILLS

- Frontend: React, React Native, Flutter,
- Design & UI: Figma, MUI, Tailwind, UI Implementation
- Backend & API: Express.js, Node.js
- Database: PostgreSQL, MySQL, Memgraph
- Infra/DevOps: Microsoft Azure, Google Cloud Run, AWS
- Tools & Languages: Vite, TypeScript

SOFT SKILLS

- Teamwork, Leadership, Creativity, Flexibility, Proactive, Eager to learn, Attention to Detail, Management Skills

INTERESTS

Application Development, UI/UX Design, Power BI (Data Analytics), AI/ML Development, Computer Networking, Cloud Computing Technology.
